1	I have been going to Great Basin since Fall 2010, and I have enjoyed every course. Great Basin has been a great experience for me, and I constantly tell others how wonderful it is. Keep up the good work!	8/3/2014 8:22 PM

1	My only complaint is the GBC Bookstore is ridiculously expensive and difficult to return/exchange books.	9/17/2014 11:49 AM
2	I think all improves year after year.	9/15/2014 11:27 AM
3	It would be great if more upper classes were available in class instead of online and that there should be more alternate classes as well.	8/25/2014 1:12 PM
4	One of my biggest frustrations at GBC was with the availability of courses in order to pursue my Bachelor's degree.	8/25/2014 1:04 PM
5	Financial Aid Office was my only problem with this college. Very unorganized	8/21/2014 3:00 PM
6	GBC is a great college. The instructors really care about their students and their success!	8/19/2014 10:43 AM
7	Because I did only seek an Associate of Arts I don't currently have a specific specialized degree, which has made it extremely difficult to find employment, especially because I have moved to the city of Las Vegas and there is so much competition to get good jobs. It has been a struggle, but I do believe that GBC was a great choice, I still tell younger students to apply there.	8/10/2014 10:49 AM
8	I really enjoyed the time I spent at GBC. I think that it has helped me to be more prepared to attend a university and has helped me to improve my work and study skills. I would recommend GBC to others. Thank you!	8/7/2014 12:54 PM
9	Mostly, GBC was a place I enrolled in because it was available. However, most of the instructors have been far more useful in actually teaching than a university professor (many colleges expect you to teach yourself, you actually learn in class rather than take notes unrelated to you home studies at GBC). Because I was at a branch campus, on hand resources were fewer but the instructors worked with me for the most part so this wasn't an issue. I actually really enjoyed many of my humanities and psychology classes because those instructors were especially good at making an environment where students and instructors could discuss and learn on levels beyond what you get from our textbooks, it was an unexpectedly pleasant area of study that I turned to for half my electives.	8/6/2014 11:35 PM

## 2012-13 GRADUATE SURVEY

10	After pursuing a degree in Natural Resources I was advised by multiple members of USFS and BLM to actively seek a Bachelor of Science in Natural Resources for active employment vs a Bachelor of Arts in Natural Resources. I transferred to University of Oregon and was not prepared for the increased workload and differing situations presented. I appreciated my time at GBC as it helped me to decide my intended major and helped me acquire my Associate of Arts in General Studies; however if I was to do it all over, I would have chosen a degree that was more specialized to transfer. Transferring credits from Nevada to Oregon was a nightmare seeing as Oregon doesn't accept many GBC credits.	8/1/2014 7:10 PM
11	As an older student I felt GBC met most my requirements. I have not as yet began a career not due to my education factor but because of my time spent taking care of my mother and now a nephew. I feel though because of my education I have been able to help these people with their lives. Education has helped me to grow as a person and help in my own personal wellness and ability to seek information on my own.	7/25/2014 5:17 PM
12	Thanks to all who work hard to help students grow!	7/22/2014 8:04 PM
13	Just loved it.	7/22/2014 6:05 PM
14	GBC is filling a huge educational need to rural Nevada by offering courses at many locations across their service area. Also, the online availability of courses is what I took advantage of due to my work schedule even though I lived in Pahrump at the time. I only attended two in-class courses at the Pahrump Center for my AAS degree. Keep up the great work and best wishes for the future.	7/16/2014 8:57 PM
15	mixed answers between associates degree completed and BAIS degree I am starting.	7/16/2014 3:07 PM
16	The Battle Mountain center is not a good place to attend classes. It feels like it is an after thought. It isn't listed as a center on most of the materials that come out of Elko and the disrepair of the building is disgusting. The people that work there are very cliquy and if you are not in their clique they will not show you respect. Most of my instructors were satisfactory but there were a couple that need to be reminded that we pay to come and learn, not come and be talked down to. When a student doesn't know something it isn't always because they are "lazy" it could be that you haven't explained it in a way this student understands it. I could list a million complaints regarding the Battle Mountain campus starting with the fact that you have to strain to hear your instructor over iav because the student in the next room is doing the same and you can hear their instructor better than you can hear your own. My internet classes were great. Except when I had to go to the center to take a test and inevitably I would sit down to take my test and then a class would start in that room. They couldn't even at least post a list of what classes were going on in that room and so students could plan around it. I was very dissatisfied with the Battle Mountain Center and I wish some changes could be made.	7/16/2014 11:20 AM
17	Hurray for Mr E. and his Electrical program!	7/10/2014 6:10 PM
18	I found the nursing program very strict and unyielding. If someone was struggling there was absolutely no support. They would also use scare tactics and bullying on students who were not doing exactly as they instructed. Saying things like "we will kick you out of this program for not.....". I found this extremely difficult to deal with and it increased my already high stress level. As hard as people work to be accepted into this program I expected more support from the faculty. The threats and bullying need to stop.	7/10/2014 2:27 PM
19	There are some absolutely amazing instructors employed at Great Basin College, there are also the worst of the worst. I have experienced full-time faculty members that could not care less about addressing legitimate student concerns. One actual quote from a full-time faculty member, "I was not expecting to have to teach this class so you shouldn't expect much from me." This behavior reflects very badly on GBC as a whole. I believe that if Great Basin College wishes to remain competitive in Higher Education that instruction should be more consistent. To achieve this, administration needs to be more involved in (or at least aware of) what is actually happening in the classrooms and on it's campuses. Quality control is a serious issue here.	7/10/2014 8:37 AM
<b>#</b>	<b>Q1: Bachelor's</b>	<b>Date</b>
1	The advisement was horrible and the degree (natural resource management) was not set up in a way that benefitted me in finding a position as it is set up as a Bachelors of Arts instead of science.	7/17/2014 2:20 PM
2	I live in Winnemucca and being a full time employee as well as a student i found it very difficult to attend courses. It took me 6 years to finish the last two years of my degree and I was willing to attend full time. I found the resource management advisor at the time to be completely unwilling to help and unsympathetic. If I could have transferred all my credits I would have finished my degree at a different institution. That being said, I feel the quality of education was very high.	7/17/2014 12:07 PM
3	GBC is a great school for students of rural Nevada. I completed majority of my schooling through online classes but had the convenience of local offices if I needed them. I was able to work a full time job while pursuing my Associate and Bachelor degrees. The marketing and management classes were the most intriguing and beneficial for my degree and job choice by far.	7/16/2014 10:47 AM
4	The Pahrump campus needed to have internet access in the classrooms like the Elko campus! I wish I could continue my graduate degree through GBC and hope in the future this will be a possibility. The teachers are amazing and I especially enjoyed that this college allows more personal interaction with them.	7/11/2014 12:48 AM
5	I have poor marks to my academic advisor because she did very little for me; however, another program advisor was very helpful and inspired me to complete my educational goals at GBC.	7/10/2014 8:24 PM
