GBC CTE College Credit Tuition Saved 2013-2014

GBC CTE College Credit Students saved a total of \$80,910 in tuition!

CTE Videos

What do you want to be when you grow up? Have you thought about what kind of education it will take for you to get to your career? Did you know a career in **Health Science** may require you to study dead bodies? If you pursue a career in **Business or Computer Technologies**, you can go to work in your pajamas. With a career in **Agriculture or Natural Resources**, your office is the outdoors. If you choose a **technical trade**, you get dirty but can make \$65,000/year with one year of education. **Human Service and Public Safety** careers do not make you BAD, you get to help people that really need help, and that makes you GOOD!

Each video provides you a look at GBC students in their careers after they graduated from GBC. Check them out at www.gbcnv.edu/techprep.

MINING ROCKS

Mining Rocks is a college and career exploration program offered twice a year to all interested high school students. The event includes introductions to careers available in the mining industry, college programs that lead to those careers, and a tour of an active mine site.

Students must now fill out an application to attend mining rocks. Get the application at www.gbcnv.edu/techprep/events.html. For more info on the application process, dates, and locations of the next Mining Rocks tour, visit www.gbcnv.edu/techprep/events.html.

Tech Prep becomes... CTE College Credit

CTE College Credit (formerly Tech Prep) allows Juniors and Seniors to earn up to 21 college credits **FREE** for select Career and Technical Education (CTE) courses that they take in high school.

Students must take a pre-determined sequence of CTE courses, earn an A or B, apply to be a GBC student, and fill out the **ONLINE** CTE College Credit Application to receive credit.

The CTE courses available for credit are dependent on the high school that the student is attending. For a complete list of which high school CTE classes apply, visit www.gbcnv.edu/techprep.

CTE College Credits save students time and money.

CTE College credits are **FREE**, tuition savings can equal up to approximately \$2,100. In addition, some CTE courses count as introductory courses for GBC programs, so students may not have to take the introductory courses their freshman (college) year.

Starting the **2015-2016** School year, students will need to complete a three year high school CTE sequence, earn a 3.0 GPA within the CTE sequence, and pass both the technical assessment and employability skills assessment, to be eligible to apply for CTE College Credit. More details will be coming soon as we transition to the new model of awarding articulated credit.

For more information contact: GBC CTE College Credit Office, Heather Steel, CTE College Credit Coordinator 775-753-2303 or at heather.steel@gbcnv.edu

CTE College Credit is available at the following High Schools

Great Basin College (GBC) does not discriminate on the basis of race, religion, color, age, sex, sexual orientation, military status, disability, national origin, gender identity or expression, or genetic information. For inquires, 775.738.8493.

Apply **ONLINE** for **FREE** CTE College Credit

Step 1: Go to www.gbcnv.edu/techprep. Click on the link in Step 1 of the CTE College Credit application to go directly to the online **GBC Application for Admission**. Students who have already taken a class at GBC do not need to re-apply. (Drivers Ed, Dual Credit, or CTE College Credit). Students **MUST** be a GBC student in order to receive their CTE College Credits!

Step 2: Click on Step 2: **CTE College Credit Application**. Select High School and then enter graduation year and contact information. Address should be a mailing address. Select high school CTE classes that apply. Click "next step". Students must print out, sign, and date the form.

Step 3: Send the signed form to CTE College Credit at Great Basin College, 1500 College Parkway, Elko, NV 89801. You can also email the form to heather.steel@gbcnv.edu or send by fax to 775-753-7534. Forms must be received by **May 1** to qualify for credit during the Summer Semester.
