New Carpet in the Library

Over the summer, the library was re-carpeted. Over 100,000 books and library materials were moved out of the way and then back into place.

A special thanks to everyone who helped make the process run as smooth as possible. We couldn't have done it without everyone pitching in!

Welcome To Your Library Fall Semester 2011

Dear Faculty, Staff, and Students,

Welcome to the Great Basin College Library for Fall Semester 2011. We have a new look in the Library, as the Library was completely re-carpeted during the summer break. New touches of paint were added here and there also. The Library looks fantastic!!!

We have added some new display shelves on the main floor to better display new magazines, newspapers, books, and of course our DVD movies. We have many new movies on display that we purchased over the summer. This collection includes many classic films as well as newer releases. We also have a small section of "Foreign" films. We have many new books on display.

So, come on over and check **YOUR** library out. We are always here to help you with any of your library needs.
