What is the NAMI Homefront Education Program?

NAMI Homefront is a free, six-session education program for family, friends and significant others of Military Service Members and Veterans with mental health conditions. It focuses on the unique needs of military and veteran communities, such as post-deployment and post-discharge transitions. The course is designed to help family members understand and support their loved one while maintaining their own well-being. The trained teachers of this course are also family members who have experience with military culture and know what it is like to have a loved one living with mental health condition or illness. The NAMI Homefront facilitator in Elko is currently assembling a list of prospective class participants. If you would like more information, or to place your name on a registry for the first scheduled class, please email namihomefrontelko@yahoo.com.

Northeastern Nevada Veterans Resource Group Monthly Meeting will be on May 3, 2016 and June 7, 2016 at 1:00pm in the Berg Hall Conference Rm located at Berg Hall on the GBC Elko Campus.
