

Assessment: Program Assessment Plan

Program (CTE) - Diesel Technology CRT

Unit Mission: The courses and programs of career and technical education at Great Basin College are aimed at training students for entry-level employment or to upgrade skills for positions they already hold. Great Basin College offers customized training to meet local business and industry workforce development needs. The College has also developed many short courses designed to meet the ever-changing demands of local business and industry. Career and technical education develops intellectual curiosity, promotes creative thought, and improves abilities in areas ranging from computing to welding.
