

**GREAT BASIN COLLEGE
DUAL CREDIT ACADEMY**

Automotive Technology

If you love cars, enjoy working with your hands, and like solving problems, a career in automotive technology could be a great fit! This field offers many exciting opportunities to work with vehicles, from basic maintenance to high-tech diagnostics and custom builds. You can start as a lube technician, tire specialist, or service advisor with hands-on training or a certificate program. With more experience and certifications at Great Basin College or other institutions, you can become an automotive technician, diesel mechanic, or master mechanic, specializing in areas like electric vehicles, performance tuning, or collision repair. For those who want to take their skills further, careers in motorsports, automotive engineering, or shop management are great options. Whether you dream of working in a dealership, running your own repair shop, or designing the next generation of vehicles, the automotive industry has plenty of opportunities to fuel your passion!

Great Basin College Post-Secondary Options
