

Transfer Agreement

Associate Degree Program:
Associate of Science (AS) Transfer

Bachelor's Degree Program:
**Bachelor of Science, Comprehensive
Medical Imaging with an Emphasis in
Diagnostic Medical Sonography**

NOTE: This transfer agreement has been created specifically for the programs listed above and only applies to students that complete the associate degree listed. If the associate degree is not earned, or a new program is selected, the transfer and articulation of listed courses, as well as fulfilled degree requirements, could be impacted.

Important Information: This agreement is based on any Associate of Art or Associate of Science degree offered at TMCC. Credit variations may occur based on the number of units required for each degree program.

Specific General Education Courses Required: BIOL 190, PHYS 100

These courses should be completed during the associate program. NOTE: Lower-division General Education requirements are fulfilled upon completion of the associate degree, with the exception of the courses listed above. If a General Education subject is not listed here, you may select any general education course approved for the associate degree program.

Specific Program Courses Required: BIOL 223, BIOL 224, NURS 130, NURS 140, COM 113

These courses will articulate specific program requirements for the bachelor's program. Courses marked with an asterisk (*) are critical prerequisite or bachelor's program progression courses that will impact a student's progress to completing the bachelor's degree in a timely manner if they are not taken during the associate degree program.

Articulations/Block Transfer: N/A

These courses are approved articulations/substitutions/block transfer for the above-mentioned programs and will transfer accordingly and apply to the bachelor's program as listed.

Taken Concurrently at Great Basin College: HMS 200

These courses must be taken concurrently at Great Basin College and are marked with a double asterisk (**)
