PREPARE FOR GBC OPEN HOUSE

Are you ready for college????

Join GBC Faculty and Staff as we present PREPARE FOR GBC on Tuesday, January 15 from 6 - 8 PM.

An open house night dedicated to our future students. We will be presenting material that everyone needs to know before embarking on the college journey. Parents and students of all ages welcome to participate!

Topics will include: Financial Aid, Housing, Tech Prep, Dual Credit, MTC Scholarship, Scholarship Opportunities, and GBC Programs.

PREPARE FOR GBC will be offered Interactive Video in the following locations:

GBC Battle Mtn. Center-Rm 2

Beatty High School

GBC Ely Center- Rm 112

GBC Elko Campus—GTA 130

Gabbs High School

GBC Pahrump Center-Rm 124

GBC Winnemucca Center-Rm 108

After the General Info session the GBC Labs at the Elko Campus will be open and Faculty will be available to answer all your questions about any of our programs!

What is Tech Prep?

Tech Prep allows Juniors and Seniors to earn up to 21 college credits FREE for select career and technical education (CTE) courses that they take in high school. Students must take a pre-determined sequence of CTE courses, earn an A or B, apply to be a GBC student, and fill out the **ONLINE** Tech Prep Application to receive credit. The Tech Prep courses available for credit are dependent on the high school that the student is attending. For a complete list of which high school CTE classes apply by school district, visit www.gbcnv.edu/techprep.

Tech Prep credits can save students time and money. Tech Prep credits are

FREE, so if a student completes one Tech Prep class in high school, it will save the student approximately \$300 in tuition. In addition, some Tech Prep courses

count as introductory courses for GBC programs, so students may not have to take the introductory courses their freshman (college) year. Some of the CTE classes available for Tech Prep credit are, Accounting, Agriculture, Early Childhood Education, and Welding. For a complete list, see facing page. For more information contact the GBC Tech Prep Office, Heather Steel, Regional Tech Prep Coordinator 775-753-2303 or at heather.steel@gbcnv.edu

Have a fun and safe senior year!!

Application Process for GBC CTE programs Deadline April 1

There is now an application process for the GBC CTE programs in Diesel Technology, Welding Technology, Industrial Millwright Technology, Electrical Systems Technology and Instrumentation. Students who are interested in these programs must now apply for admission. Students must submit the application, three letters of recommendation, resume, letter of intent, and high school transcripts. In addition, the students will have to complete the application process for general GBC admission and complete either their SAT, ACT, or Accuplac-

er placement tests. The Career and Technical Education Department will admit a limited number of students to the CTE Department area disciplines (diesel, welding, millwright, electrical, and instrumentation) each year. Admission is on a competitive basis. Students that complete the GBC CTE application are then eligible to apply for the

MTC (Maintenance Training Cooperative) scholarship. The MTC Scholarship is a \$5,000 scholarship sponsored by local industry business partners. In most cases, the scholarship includes a summer and weekend internship. Students who wish to apply for the MTC scholarship must complete the GBC CTE application process. To obtain the application or to get more information, contact Chris Marshall at 775-753-2175 or Heather Steel at 775-753-2303 or go to www.gbcnv.edu/mtc.

Tech Prep credit is available at the following High Schools		
AACT	Fernley	Silver Stage
Austin	Gabbs	Smith Valley
Battle Mountain	Jackpot	Spring Creek
Beatty	Lowry	Tonopah
